About Us

Chemo Divas Foundation is a 501(c)3 non-profit organization on a mission to close the health equity gap for women of color (WOC) impacted by cancer as WOC currently have some of the highest cancer death rates in the United States.

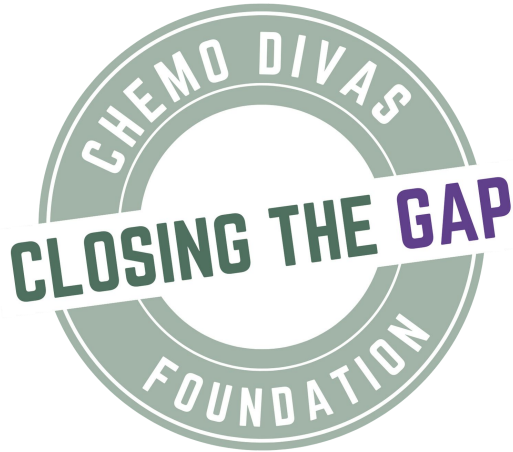

Founded in memory of Paulette A. Steeves, we are a community of patients, survivors, caregivers, & advocates #ClosingTheGap on healthcare disparities by:

- Providing patients & survivors with direct financial assistance
- Educating our community on navigating cancer care
- Amplifying the voices & lived experiences of WOC impacted by cancer

With your help, we can improve the devastating impact cancer has on our community.
